### **GENERAL BACKGROUND**

Since 2005, CHA and CCC have partnered to provide education and training programs for CHA residents and families living in the private market with a Housing Choice Voucher (HCV). In addition to existing CCC degree and certification programs, CHA and CCC have collaborated to develop specialized training programs (e.g. GED and Healthcare Bridge) that have enabled residents needing more extensive educational support to move towards entry into degree and certification programs or directly to employment. The goal of the IGA has been to support families by creating a continuum of education and training opportunities that allow CHA residents to advance over time to progressively higher levels of education, and obtain

certification, degrees and employment that should ultimately result in better paying careers in areas of industry growth and stability.

In 2013, the IGA will continue to provide for the delivery of educational services for CHA and HCV families at a variety of educational levels, as well as provide support while residents are engaged in educational activities. Additionally in 2013, CCC will continue to be an integral partner in CHA's summer youth program, Learn and Earn. Through the IGA, CHA is able to access the summer food service program, as well as provide additional supervision and onsite coordination. CHA leverages the IGA through use of CCC facilities, including all classroom space at CCC campuses at no charge to CHA for the 400 youth participants. In 2013, CHA and CCC will continue to collaborate on these existing initiatives and launch targeted marketing campaigns and enhanced outreach to promote the education opportunities and services available to all CHA residents.

The Board action recommended in this item complies in all material respects with all applicable Chicago Housing Authority board policies and all applicable federal (HUD) procurement laws.

The EVP of Resident Services concurs with the recommendation to enter into an IGA with the City Colleges of Chicago.
